To: Parents or Guardians

From: Joseph DeGennaro, Principal

The school plans occasional field trips for students when such trips serve instructional purposes in connection with the work of a given subject, activity or grade. No pupil may be taken on a school sponsored field trip without the written permission of the parent. Therefore, this form, properly signed, must be in the hands of the faculty member before the student may participate in the trip.

Although the faculty member will have authority over students on this trip and precautions will be taken for their safety, it must be understood that we depend heavily on each pupil's responsibility in off-campus situations, particularly as high school students are permitted greater independence than younger children on field trips. Please reinforce this important idea with your child.

Note: Students must assume responsibility for all work missed and new assignments given during the time a field trip. Any written work due on the day of the trip must be turned in before leaving on the trip.
